

910 Series Strainer Basket

The 910 series strainer basket is suitable for industrial, pneumatic and hydraulic installations, as well as hot /cold water, different oils and compressed air.

The filter basket has a BSP threaded Nylon end which screws into a check valve or other threaded fitting to filter out any debris from entering into the pipework.

Filtration degree:

-3/8" through 2": 1200µm

-2" through 4": 2000µm

Strainer in stainless steel

Threaded end in nylon
