

MOBILE SOLAR SAFETY SHOWER UNIT

EMERGENCY SAFETY SHOWER FOR MOBILE AND REMOTE WORKSITES

FUNCTION AND FEATURES

■ Fully self contained

Safety shower and eye wash unit capable of a full 15 min flushing in compliance with AS4775.

■ Mobile Unit

Skid mounted with detachable shower for convenient portability.

■ Solar power charging

Units are battery powered with charging by solar panels (optional 240V charging available).

■ Indicator lighting

Red, yellow and green lighting provides various location, operation, alerts and fault alarms.

■ AS4775 Compliant

The mobile unit complies with AS4775 Standards for emergency shower equipment.

■ Add on features

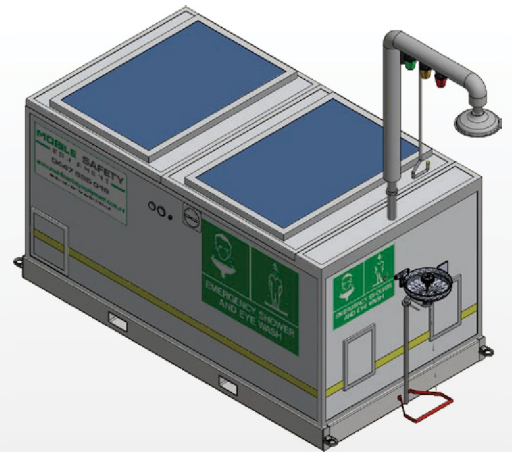

Unit can be customised with GPS tracking, wash down hoses, first aid cabinet, and more.

MODEL: AVI-S-1500-L-SM

Exposure of workers to hazardous substances in the workplace, particularly corrosives and alkalis also occurs on many remote and mobile worksites. Delaying treatment, even for a few seconds may result in severe injury.

Access to an emergency shower in these circumstances to provide immediate on the spot decontamination to flush away substances that can cause injury is crucial. However, a plumbed or pumped potable flushing fluid source is not always available to allow emergency fixtures to be connected, potentially leaving workers and employers exposed to risk.

The mobile self-contained emergency shower provides you the confidence in carrying out tasks knowing that your emergency needs are taken care of and are right by your side.

FEATURES

Main Components

- Detachable Stainless Steel Shower
- Fold Up SS Eyewash, Hand/Foot Activation
- ABS Green Shower Head/Eyewash Bowl (Optional)
- Stainless Steel Pipework
- 50mm Colour Bond Steel Skin Insulation
- Unit Level Indicators
- Skid Mounted for Full Tank Transport.

Plumbing System

- 1500 Litre Water Tank
- Water Level Indicator
- Water Temperature Gauge
- Dual Pump Shower Supply
- Single Pump Eyewash Supply
- Eyewash Drain Pipe

Options

- GPS Tracking
- Battery Charge Point

Power

- 235 Amp Deep Cycle Battery
- Battery Isolation Switch
- Battery charge management system
- Battery access door
- 2 x 120 Watt Solar Panels

Alarms & Safety

- Reflective Signage on All Sides
- Green LED Location Light
- Amber Warning Light
- Red Activation Light
- Red Run Light
- Night Work Light
- Audible Alarm
- Fire Extinguisher
