

1500L SELF-CONTAINED TANK SHOWER

MODEL: TS1500

Suitable for all climates and fully compliant with ANSI Z356.1-2014 and EN15154 standards, this tank shower guarantees over 15 minutes of tepid water without the need of a mains water supply. The unit is completely corrosion resistant and suitable for hazardous or non-hazardous environments. Comes with water level indicator and testing lever as standard.

KEY FEATURES

- Over 15 minutes tepid water
- Photoluminous pictorial signs
- Manufactured in house, in the UK
- One-piece insulated GRP header tank
