

Plum QuickFix Uno and Solo

Flexible plaster dispensers

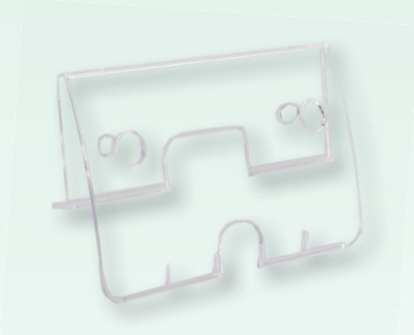

A Plum QuickFix plaster dispenser provides a structured approach to first aid of minor injuries. It is a flexible system for workplaces that are not challenged with dust and dirt. Both the Plum QuickFix Uno and Plum QuickFix SOLO® are small dispensers that combine workplace safety with modern style.

Plum QuickFix Uno, white

Plum QuickFix Uno, transparent

Plum QuickFix SOLO®, transparent

PRODUCT FACTS & BENEFITS

- Immediate and visible access to plasters and eyewash ampoules
- Each plaster is ready for use with a pull from the dispenser
- Each plaster is packed separately
- Only one hand is needed to apply
- Easily refilled as required
- Easy to see when it is empty
- Quickly stops minor bleeding without staining the other plasters
- Small dimensions – easy to fit

Plum QuickFix SOLO®, transparent - shown with example of plaster refill
